

# So Little Time

Bashy

(It's Bashy baby!)

You know I got a load to do innit, I can't stop  
I can't stop, swear down  
I can't stop, swear down true story  
(Oi Wretch)  
Come we go innit  
Yo

I'm saying time's of the essence, getting older now  
Well I got to periods to dilly dally  
I got so much to achieve and lord knows I won't stop until I'm happy  
Yutes right now would f\*ck my plans up  
Plus I ain't got time to be changing these kiddies nappies  
Plus, I use contraceptives cause I ain't feeling these insecure yatties  
That are tryna trap me  
But sending out to all of the baby daddies  
Carl, Stanaman, Smokey and my nigga Raffy  
I wish your yutes the best in life and that's coming straight from the heart  
of ya nigga Bashy  
Anyway, back to the script  
Still tryna go legit, still tryna cop my own yard  
But still times running out like on a phone card  
I'm tryna make ends meet cuzzy but it's so hard

There's so much to do, with so little time  
There's not enough minutes in this one little life  
I got so much to do, with so little time  
There's not enough minutes in this one little life  
I got so much to do, with so little time  
There's not enough minutes in this one little life  
I got so much to do, with so little time  
There's not enough minutes in this one little life

I got so much to do, in so little time  
There's not enough minutes in this one little life  
Six pound fifty a hour ain't cutting it  
Eight pound fifty a hour ain't cutting it  
Now I understand why mandem is cutting it up  
Wrapping it in clingfilm and then shotting it  
It's a rat race, it's got bare heads stuck in it  
I'm like a fiend for money I can't get enough of it  
I do music for the love it but if it ain't paying the bills I'm ducking it  
I need financial clout how to make millions, I'm tryna figure it out  
I refuse to be a nigga without so if you ain't raising my capital, I ain't s  
ticking around  
Look star I want my kids to be proud, not Daddy is a clown, Daddy can't even  
gimme a pound  
Financially safe when Daddy's in the ground, yeah that's what Bashy's about  
That's why I'm smashing it now, stacking it then putting it down  
Liquid assets until I drown, I can't fail  
Now I ain't even chasing the girls cause in the end, I know they're gonna fe  
el me like brail

I'm a determined black male who's gonna get my family up out of this hell  
Yeah

There's so much to do, with so little time  
There's not enough minutes in this one little life  
I got so much to do, with so little time  
There's not enough minutes in this one little life  
I got so much to do, with so little time  
There's not enough minutes in this one little life  
I got so much to do, with so little time  
There's not enough minutes in this one little life

Look, I said this worlds just a piece of shit  
I just wanna leave, around black people you can't just floss with ease  
But I suppose that everybody's gotta eat  
So obviously, niggas will take a pop at me  
Wanna go into stocks and property, go legit but the government will be on to  
me  
Sucking dough from my taxes cause I'm a black shit they want this legal tend  
er off of me  
Society's not for me, it's full of pagans and deceitful philosophies  
Gotta get out the system but theirs a lack of time  
I must monopolise the monopoly  
Can't recall the last time I had proper sleep  
I'm like a man possessed there's no stopping me  
This is real life cuz this is not a dream  
I can't be a wasteman, I can't just plot on street  
I'm a focused prodigy, going on a steal I would probably show off a piece  
I don't give a f\*ck who's watching me  
When I was broke, nobody had a job for me  
So I stunt like I won ten lotteries  
And copped a Vantage with a dash that's mahogany  
And drive with a boom ting down Oxford Street  
Cause when you die there's no coming back you're just rotting G

When you die, you're just rotting  
All the maggots and the worms, you get me  
Unless you get cremated or suttin  
You got one life so just live it see what I'm saying?  
Do what you gotta do innit, don't watch no face  
Get me, f\*ck the road do your ting  
Lifes too short you get me?

So much to, so much to do, so little time  
There's not enough minutes in this one little life  
I got so much to do, so little time  
There's not enough minutes in this one little life  
I got so much to do, so little time  
There's not enough minutes in this one little life  
I got so much to do, so little time  
There's not enough minutes in this one little life
