

# Hush

Basia Bulat

If I ever found the cause of this sadness, I know it would be  
Impossible to keep the vision against all of me  
When I took myself far and away from everyone that I knew  
If you're looking for the moon, is it ever when it's new?

When the iron is cold and the binding holds fast on to you  
When I listen for the footsteps that nearly knock me  
Down in the room  
"The tower is gone." you say, but how well can you really  
see?

Oh you'll find it by and by  
In a heartbeat you'll be free and you will  
Run run run run run run run run run  
Run run run run run run run run run  
Run run run run run run run run run  
Keep running back to me.

Over both of our heads you've been searching  
To find a way soon  
But there's nothing that I want more than a reason  
To be following you  
When you bring out the matches just remember that  
I own them all too  
If a lie won't go too deep, in a heartbeat you'll be free  
And you will

Run run run run run run run run run  
Run run run run run run run run run  
Run run run run run run run run run  
Keep running back to me.

Run run run run run run run run run  
Run run run run run run run run run  
Run run run run run run run run run  
Keep running back to me.  
Keep running back to me.
