

Little Waltz

Basia Bulat

You and I, we make a grand salute
stare at eachother like lost little birds across the room
and I remember the way you looked
I learned how to dance, but I'd never shown it to you

my love,
I know I was wrong, but you know that you'll always be
my love
stay for a while while our leaves are still green
please, for me

I know I tried, but it's hard sometimes
the roots don't take, it takes a while
and you pull at the strings
but they're broken, it seems
the dance isn't over for me, no

my love,
I know I was wrong, but you know that you'll always be
my love
stay for a while while our leaves are still green
please, for me
