

Love is at the End of the World

Basia Bulat

Don't wait for a fortune
Don't wait for the phone
I've been there before you
I know where you've gone
Where you keep on running
Where you fall apart
Diamonds in the dust here
Sing into the dark

I'm at the end of the world
Another end of the world
Love is at the end of the world
Love is at the end of the world
You fall apart when you fall into it
Love is at the end of the world

In every song that you sing back to it
Love is at the end of the world
I fall apart when you fall into me
Find me at the end of the world

Write it from your future
See it from the start
Casting this all for you
Glitter in the yard

You could keep on running
You could start a war
Diamonds in the dust still
Sing into the dark

Another end of the world
And at the end of the world

Love is at the end of the world

You fall apart when you fall into it
Love is at the end of the world
In every song that you sing back to me
Love is at the end of the world

I fall apart when you fall into me
Diamonds at the end of the world
Waiting there for you
Waiting there for you
Waiting there for you
Waiting there for you

I'm at the end of the world
And at the end of the world
Love is at the end of the world
Love is at the end of the world
Diamonds at the end of the world
Find me at the end of the world

Love is at the end of the world
Love is at the end of the world

Love is at the end of the world
Love is at the end of the world
Love is at the end of the world
Love is at the end of the world
