

Pale Blue

Basia Bulat

The sound was wrong
I'd heard it all before
Everything he's done
He said it was for love

Running from the rain
Begging him to stay
Running from the pale blue glow

Pale blue glow
Under the shade
You try to hide a bruise
In your eyes
I recognize the hue
Oh keep on running
I believe in you
Believe in you

I saw you in the rain
Irises in bloom
Saw you in the pale blue
Saw them in the night
Light is shining through
Stronger than the pale blue glow

Running from the rain
Indigo betrayed you
Into the pale blue
Saw them in the light
Irises in bloom
Stronger than the pale blue
Will you wear your crown
If the shade is true?
Walk into the pale blue
I believe in you
Irises in bloom

Walk into the pale blue glow
Ooh, pale blue glow
Ooh, pale blue glow
Ooh, pale blue glow
Ooh, ooh
