

Best Friends

Basia

You know me well by now
There's more to be discovered
And Baby my good heart
Might improve your inner life

Listen I'm your friend
I don't try to be your mother
Strange as it may seem
I believe wrong can turn to right

Against the rule
I'm always here for you
On each other's side
There's so much that we can do

Because no matter where we are going there together
There's no doubt we will get there in the end

And if we have to stop
Gonna wait through stormy weather
If not lovers we still remain best friends
