

Bubble

Basia

Fighting storms forever
It's pointless, hardly clever
I'm rolling with the weather
Better late than never

I'm in a bubble
Hiding from trouble
Nothing can touch me
At least not today
So keep it away from me

I feel the sun on my back
And it's pushing me forward
I don't have to walk
I don't need to walk

I'm in a bubble
Hiding from trouble
Nothing can touch me
At least not today
So keep it away from me

I feel the sun on my back
And it's pushing me forward
I feel the sun on my back
And it's pushing me forward
I don't have to walk
I don't need to walk

'Cause I'm in a bubble
Nothing can touch me today
So keep trouble away from me
Away, keep trouble away from me

Fighting storms forever
It's pointless, hardly clever
I'm rolling with the weather
Better late than never

Bubble, bubble...

I'm rolling with the weather
Better late than never
