

## There's A Tear

Basia

I wonder if you'll ever know  
That every day I miss you so  
Was I wrong to let you go  
Or maybe you feel just like I do  
And wonder if I'll ever know  
That every day you miss me so  
Why did we let it all fall apart  
Before it even had a chance to start

there's a tear in my eye  
The other is dry  
There'll never be a better time  
Honey, this moment is your life

it all started with a dream  
Then it seemed a hopeless scheme  
Now I think what could have been  
You took my panic for indifference  
But how was I supposed to know  
That one day I will miss you so  
I would have fought for you to the end  
I would have never let you slip away

now there's a tear in my eye  
The other is dry  
There'll never be a better time  
Honey, this moment is your life

one day  
Soon I pray  
You'll look at me again  
With new eyes  
And maybe you will find someone to love  
Something to die for
