

Winners

Basia

Keep on dreaming
Keep on believing
There's no cloud on your horizon
What a day to dare
?cause if this game won't break us
It will make us stronger
It's not a place to be faint-hearted
Fortune loves the brave!

you know, that we can't all be winners
God only knows how hard we try
Different odds
A different ball game
Our time will come

but we are winners today
It's the way that we play
We are winners today
It's the way that we play the game
Winners today
It's the way that we play
We are winners today
It's the way that we play the game

give your best shot
Show what you're made of
Learn to fight against all odds
And prove you can survive
?cause it's a game of two halves
Hold your faith undaunted
Now and then a perfect match
So keep this dream alive
