I fuck with it  
New era game  
Let's ge-ge-get it  
Two name game  
I'm third in it

Imma walkin through the town  
Right!  
Me and my homies  
We all in it  
Tonight!  
Yeezus would be proud  
On sight!  
You can't see us in the dark  
All black  
We hate that light  
We hate that city  
I hate that city  
It's just a dumb ass  
Bunch of critics  
Fuck that, son  
I'm 'bout to lit it  
Uhh  
And a fire starts to burn  
From uptown to suburbs  
You ain't know nothing about it  
And you probably never heard  
BRUH!

Internets on Internets  
Naked popstars you want to  
See that breast  
You want to see some more  
I want to see myself

I don't pop molly  
I ain't never tried it  
Liquorish flows  
Notning left inside me  
Uhhh  
No reason to hide it  
Still want to get higher

That baby's on fire  
No limits desire

Hey little bitch-a  
What the fuck is going on, on  
Hey little stupid  
Why you hating on this song, song

No shame, no shame, no shame  
We got it

No shame, no shame, no shame
