

Raise The Gain 2008

Basic Element

Hey man just don't be shy
I wanna tell you what you do tonight
Hey girl, come on over
Let me introduce you to my friend there
You're such a vain, mix up and raise the gain
that's the game, do you really wanna go for thrill
You know the drill, so let's get real

refrain:

You're here with me, he can't come (4x)
You know he can't come
Come on change to raise the gain
and spit it like a saint
you got to let the right side over once again
(3x)

Hey man, how's it going?
Do you do what I tell you to do then
Hey girl, are you wasted
let me introduce you to my friend, shit I'm cool
You know I saw that girl
You really rock my world, so let's get real
