

## Get Found

### Bass Drum of Death

Standing two steps down  
I fell into the hole in the ground  
You can make the plan

When the tapes rewound  
By the time you call the boys downtown  
I'm getting paid

Once you got it  
Once you need it the most  
Once you got it  
Kinda pissed I'm gonna be stoned  
You need to piss off, pay with your own  
Right, fuck you

Wow

Enough with the keys in the scene  
When I get em now the beat don't have a feel  
I move around

Something funny all the time  
They don't teach you what was killing that high  
I get found

Once you got it  
Once you need it the most  
Once you got it  
Kinda pissed I'm gonna be stoned  
It meets your wrist I'll put it to a rope  
Right fuck you

Oh, once you got it, got it, got it, got it  
Oh, once you got it, got it, got it, got it  
Oh, once you got it, got it, got it, got it  
Oh, once you got it, got it, got it, got it  
Oh, once you got it, got it, got it, got it  
Oh, once you got it, got it, got it, got it  
Oh, once you got it, got it, got it, got it  
Oh, once you got it, got it, got it, got it, got it, got it, got it, go  
t it
