

Heavy

Bass Drum of Death

Anyway, she turned right 'round and said:
"Child, I'm gonna take you to the Lord
Many a man I've made beg and weak in the knees"
Then she went down, turned me around
So goddamned holy
In that moment I saw my future and past

Felt like I died, like I died, like I died
Her loving was so heavy
Felt like I died, like I died, like I died
Her loving was so heavy
Felt like I died, like I died, like I died

Her loving was so heavy
Felt like I died, like I died, like I died
Her loving was so heavy

Felt like I died, like I died, like I died
Her loving was so heavy
Felt like I died, like I died, like I died
Her loving was so heavy
Felt like I died, like I died, like I died
Her loving was so heavy
Felt like I died, like I died, like I died
Her loving was so heavy
