

## Fireflies

Bassjackers

Open your heart, now you're mine  
Here in the dark, we're fireflies  
Open your heart and feel the life  
I've never felt like this before  
I've never felt like this before  
Open your heart and feel the life  
We're fireflies  
We're fireflies  
We're fireflies  
I've never felt like this before  
I've never felt like this before  
Open your heart and feel the life  
We're fireflies

Open your heart, now you're mine  
Here in the dark, we're fireflies  
Open your heart and feel the life  
I've never felt like this before  
I've never felt like this before  
Open your heart and feel the life  
We're fireflies  
We're fireflies  
We're fireflies  
I've never felt like this before  
I've never felt like this before  
Open your heart and feel the life  
We're fireflies

We're fireflies  
We're fireflies
