(God, I miss)  
Show me your tricks

God I miss  
All you takin' the risk  
I will give you my name  
If you show me your tricks  
Take the ride and maybe  
I will let you knew  
I will give you my love  
If you show me your tricks

God I miss  
All you take in the risk  
I will give you my name  
If you show me your tricks  
Take the ride  
And maybe I will let you knew  
I will give you my love  
If you show me your tricks

Give you my love  
If you show me your tricks

God I miss  
All you takin' the risk  
I will give you my name  
If you show me your tricks  
Take the ride and maybe  
I will let you knew  
I will give you my love  
If you show me your tricks

God I miss  
All you takin' the risk  
I will give you my name  
If you show me your tricks  
Take the ride and maybe  
I will let you knew  
I will give you my love  
If you show me your tricks

God I miss  
All you takin' the risk  
I will give you my name  
If you show me your tricks  
Take the ride and maybe  
I will let you knew  
I will give you my love  
If you show me your tricks
