

Wrong Or Right (The Riddle)

Bassjackers

Every time I'm with you, I feel I'm lost in the sound
And the music makes my head go 'round and 'round
Every time I'm with you, I feel I'm losing my mind
And I still don't know if it's wrong or right
Every time I'm with you, I feel I'm lost in the sound
And the music makes my head go 'round and 'round
Every time I'm with you, I feel I'm losing my mind
And I still don't know if it's wrong or right

Every time I'm with you, I feel I'm lost in the sound
And the music makes my head go 'round and 'round
Every time I'm with you, I feel I'm losing my mind
And I still don't know if it's wrong or right

Every time when you say it's over I lose my head again
And I just want your love
But you make me starve again

Every time I'm with you, I feel I'm lost in the sound
And the music makes my head go 'round and 'round
Every time I'm with you, I feel I'm losing my mind
And I still don't know if it's wrong or right

Every time I'm with you, I feel I'm losing my mind
And I still don't know if it's wrong or right

And I still don't know if it's wrong or right
Every time I'm with you, I feel I'm lost in the sound
And the music makes my head go 'round and 'round
Every time I'm with you, I feel I'm losing my mind
And I still don't know if it's wrong or right
