

Hyper

Bassnectar

We comin live from the madness
The world go hyper, hyper, hyper
We comin live from the madness
Go hyper

Bassnectar
The world go hyper
Runnin to blast the empire

Azeem
The world go hyper
Runnin to blast the empire

Go hyper

We hike over twice the strife
They say life is, to right this
You can't multiply what the price is
It's priceless

The ink and bloodline are righteous sacrifices -
Lemme see your rhyme license
The sky lightening's
We drop singles

You see the stars sendin SOS signals
Slang cathedral
Turn it out without a singer
Azeem and Bassnectar
Hip hop

Bassnectar
The world go hyper
Runnin to blast the empire

Azeem
The world go hyper
Runnin' to blast the empire

We comin live from the madness
The world go hyper
We comin live from the madness
Go hyper
