

Скит (Меньше Слов)

Basta (Баста)

Show you lovin' later
And lovin' with my mind
Although you were a sailor
I'll love you through the blind
But the sky's over you, ha ha
Know you don't lie
Rock 'n' roll in my soul
Baby, please don't cry
Come on

I'm in love with the fever
Hide money in my suit, no
My baby, feel it
I'm in love with rock 'n' roll, no
My baby, just watch, yeah
I will love you through my life, no
Show your love in my soul
Baby, please don't cry

Yeah, yeah, yeah, yeah
Baby, don't cry
Yeah, yeah, yeah
Baby, don't cry
Hey, love, love, love, love
Oh my soul and my mind
Baby, please don't
Please don't
Please don't
Please don't
Please don't
Please don't
Please don't
