

## Plug In...

Bastille

Tell me we'll be alright  
Say that we'll be fine

Plug me right in, jump through the screen  
Final frontier, I can be anything  
Maddening scenes, Anthropocene  
Blink and you'll miss us like we were a dream  
Maybe A.I. is the messiah  
My machine's learned all my kinks and desires  
Virtual porn, airbrush my jaw  
Are we having fun yet?  
Endless hot takes, chaos'll reign  
Guess we learned nothing from history's mistakes  
Billionaires, rocket to Mars  
Stuck on Earth drinking in driverless cars  
Icecaps'll fall, Cali'll burn  
Wilful denial until it's my turn  
Bunch of old white men who don't give a fuck  
Are we having fun yet?

Tell me we'll be alright  
Say that we'll be fine  
Lie to me it's alright, right?  
Say that we'll be fine  
Just a little bit of tenderness  
It's a little bit of tenderness  
Say that we'll be alright, right?  
Even if it's lies

Hollywood has painted us a fucked up fate  
Say you'll resurrect me as a young Deep Fake  
Genius minds fix all our crimes  
So we can have fun, yeah?  
We're living in a sci-fi fantasy  
I'm sleeping with the robot next to me  
Find planet B, that's all we need  
So we can have fun

Tell me we'll be alright  
Say that we'll be fine  
Lie to me it's alright, right?  
Say that we'll be fine  
Just a little bit of tenderness  
It's a little bit of tenderness  
Say that we'll be alright, right?  
Even if it's lies

Just a little bit of tenderness  
A little bit of tenderness  
Say that we'll be alright  
Even if it's lies

Just a little bit of tenderness  
A little bit of tenderness  
Say that we'll be alright  
Even if it's lies
