

# Shame

Bastille

There is no love lost here between us  
Where are those friends who pulled no punches  
Shock from my hip with one another  
We got so far from them  
We're miles from way back when

I'm so nervous saying this out loud  
As the words roll off my tongue and out my mouth

I can see a change, I can see a change in you  
I see it coursing through your veins  
And it is a shame, oh it is a shame on you  
I barely recognize your face

And I don't like what I'm seeing lately  
I don't like who I'm seeing lately

So many seasons fell beneath us  
Too many voices on our shoulders  
I miss us dancing through the same noise  
But here we are my friend  
We're miles from way back when

I never knew that I could be so down  
I never knew that I could be so down until I told you

I can see a change, I can see a change in you  
I see it coursing through your veins  
And it is a shame, oh it is a shame on you  
I barely recognize your face

And I don't like what I'm seeing lately  
I don't like who I'm seeing lately

Maybe I'm living in the past  
Who am I to judge  
I'm the worst of all  
Some things are better left unsaid  
But I miss the person I knew before

I can see a change, I can see a change in you  
I see it coursing through your veins  
And it is a shame, oh it is a shame on you  
I barely recognize your face

And I don't like what I'm seeing lately  
I don't like who I'm seeing lately

I don't know who I'm seeing lately  
I don't know who I'm seeing lately
