

survivin'

Bastille

Had a great seven year white knuckle ride
Killing time flying high as I held on tight to you, to you
Did I blow my mind on the wild side
Singing hallelujah to 'em every night with you, with you?

And I'm not gonna lie, say I've been alright
'Cause it feels like I've been living upside down

What can I say? I'm survivin'
Crawling out these sheets to see another day
What can I say? I'm survivin'
And I'm gonna be fine, I'm gonna be fine, I think I'll be fine

Ooh, yeah
Ba-da-da-da-da-da
Ba-da-da-da-da-da
Ooh, yeah
Ba-da-da-da-da-da
Ba-da-da-da-da-da

Like a thunder cloud in November rain
Is the black dog out running wild again for you, for you?
Tryna stream my way to a better life
But I daydream crash like Vanilla Sky, do you?
Do you?

And I'm not gonna lie, say I've been alright
'Cause it feels like I've been living upside down

What can I say? I'm survivin'
Crawling out these sheets to see another day
What can I say? I'm survivin'
And I'm gonna be fine, I'm gonna be fine, I think I'll be fine

Ooh, yeah
Ba-da-da-da-da-da
Ba-da-da-da-da-da
Ooh, yeah
Ba-da-da-da-da-da
Ba-da-da-da-da-da

So what can I say? I'm survivin'
Just crawling out these sheets to see another day
Oh what can I say? I'm survivin'
And I'm gonna be fine, I'm gonna be fine, I think I'll be fine
