God Save the Queen

Bathory

God save the queen her fascist regime
It made you a moron a potential H-bomb !

God save the queen she aint no human being
There is no future in englands dreaming

Dont be told what you want dont be told what you need
There's no future no future no future for you

God save the queen we mean it man (God save window leen)
We love our queen God saves (God save... human beings)

God save the queen cos tourists are money
And our figurehead is not what she seems
Oh God save history God save your mad parade
Oh Lord God have mercy all crimes are paid

When theres no future how can there be sin
Were the flowers in the dustbin
Were the poison in your human machine
Were the future your future

God save the queen we mean it man
There is no future in englands dreaming

No future for you no future for me
No future no future for you
