## **Love Disease**

Batmobile

Everytime I see you walking down the street I can't help shivering all over me Went to a doctor he didn't know a cure But I know I love you and that's for sure

I got love, love baby, I got love disease I roll on the floor I'm in a horrible cramp Everytime I think of you I'm lost and damned I know that I'm living but my body don't fit I don't know how to walk I don't know how to s(h)it

I'm starving from hunger cause I can't eat I'm biting my fingers untill they're raw red meat I want you to know that I'm sick of you However I always get some kicks from you

I got a strange feeling in my head I'm gonna stay 6 months in my bed If you won't love me I will die You gonna be caught behind the bars sometime Baby please please I got love disease
