

## Ravin' Women

Batmobile

Just changed my underwear, the old ones came alive today  
Moving around like a slug, pretty fast making it's way  
I just can't understand why them women go wild over me  
Ref

Raving raving women going wild over me  
I haven't wahed for months scab-plant in my nack  
And when I for once try to comb my hair them fleas are running  
up my back

I just can't understand why them women go wild over me  
Ref

I really look like a fattening-  
pig but I just can't be left alone  
Inspite of my horrid looks they all want to have me for their o  
wn

I just can't understand why them women go wild over me
