

Raw Dick

Batmobile

When you love me baby you just get me hot
When you show me all your body has got
I want to start right away don't want to loose any time
I want to make out baby 'till we're covered in slime
I want to fuck 'till I get you sore and my dick gets raw
I want to fuck you 'till I'll get too sore and my dicks get raw
When you show me your curves and you show me your waves
I want to get on top and go down in your caves
I feel you burning when I get inside

I want to fuck 'till I get you sore and my dick gets raw
I want to shake it 'till I get you sore
And my dick gets raw
When you slide like a snake and you slither in bed
I wanna blow my top and I will loose my head
And when our love is melting inside
We will get in a cramp that will last all night
I want to fuck 'till I get you sore and my dick gets raw
I want to shake it 'till I get you sore
And my dick gets raw
