

Holy Vision

Battalion of Saints

I was lost found channel 12
Billy Graham and P.T.L
Oral Roberts, Jerry Falwell
Boy I thought religion's swell

Why don't they give us a break
All they do is take and take
With a religion that's fake
With all the money they make

They get the bible and fill it with lies
When they read between the lines
With God's words they shove down our throats
Born again, well what a joke

[Chorus]

The Dead Sea Scrolls said to be the Bible
The early Christian would have died for
Now it's in paperback
And on TV it's the number one program

Holy vision, holy vision, holy vision
Oh god
Holy vision, holy vision, holy vision
Oh god

Can't you see
They lie to you
I hope you're not
So easily fooled
By what you see
And hear on the tube
If you do, you get what you deserve
