

Freedom

Battle Beast

Battles raging on and on and on
Through the flames and thunder we will stand our ground
Brothers standing side by side in line
Free of fear and pain and doubt, we stand tall

Freedom
Stay strong, it will be yours
Freedom
It's in your mind, embrace the call
Freedom
Your heart it will be pure
And you'll feel the urge for more
Metal for your soul

Kingdom
It will fall and soon be mine
I will break their will, their faith, their soul, their hearts
Creators of the mighty Raven Ark
Stand strong and keep your faith, they will fall

Freedom
Stay strong, it will be yours
Freedom
It's in your mind, embrace the call
Freedom
Your heart it will be pure
And you'll feel the urge for more
Blood and thunder calls

Freedom
Stay strong, it will be yours
Freedom
It's in your mind, embrace the call
Freedom
Your heart it will be pure
And you'll feel the urge for more
Blood and thunder calls
