

Talk Anymore

Battle Tapes

How long has it been
Since you've been running
How long have you hid
Hiding from it all

I understand
Reckless devotion
When you've been exposed to
A mirror that shows you
Exactly what you are

If you want to, we can let it go off
Oh oh, we don't need to talk anymore
If you want to, we can let it go off
Oh oh, we don't need to talk anymore

No need to defend your motive
How far can you bend the truth
You've suffered for so long
You've suffered for so long
Now to right these wrongs

If you want to, we can let it go off
Oh oh, we don't need to talk anymore
If you want to, we can let it go off
Oh oh, we don't need to talk anymore
If you want to, we can let it go off
Oh oh, we don't need to talk anymore
If you want to, we can let it go off
Oh oh, we don't need to talk anymore

If you want to, we can let it go off
Oh oh, we don't need to talk anymore
If you want to, we can let it go off
Oh oh, we don't need to talk anymore

Oh oh, we don't need to talk anymore
Oh oh, we don't need to talk anymore

If you want to, we can let it go off
Oh oh, we don't need to talk anymore
If you want to, we can let it go off
Oh oh, we don't need to talk anymore
