

# Chronicles of Might

**Battleroar**

Deep through  
Where battle rages on  
Through the fire of endless war  
There in the middle of every fight  
TIME IS FORGING - CHRONICLES OF MIGHT

All times your dreams are cast aside  
A piece of your soul's condemned to die  
Mountains - So massive and so high  
They dare to climb up towards the endless light

Follow the sign  
Follow the storm  
Ride through the darkness  
Reach the dawn  
A throne is waiting in the kingdom of the sky

Follow the madness  
Follow the hope  
Unveil the mystery  
Search for the cause  
Your dreams are calling  
Bathed in starlight of the night

Awake  
Go and cross the sea  
Hear the windsongs  
Singing destiny  
The bard - Around the fire tonight  
Will sing the legends  
THE CHRONICLES OF MIGHT
