

Dexter's Trap

Bawal Clan

Leather face
Catchin bodies wid no case
Chain saw
Rip yo body up in place
Feed my dogs
So yo body parts dont waste
Hell raiser
All these nails up on my face
Up on dat tank
I want dat bank
I hit'cho head
Then eat dat brain
I heat propane
And boom blaow bling
Got dat thang
Brrrrrang dang dang

Noong bata pa lamang ay
May nakatagong taglay
Sa gantong buhay sanay
Buti hindi sumablay
Nakahiligan ang paglalakbay
Di nagmaneho kaya sumakay
Kung kanikanino na nakisabay
Lahat ng nakabangga ay patay ugh
Kaya huwag mo kong subukan
Baka matamaan ka kapag nagkaputukan
May ilan na nagtakbuhan karamihan napuruhan
Para bang pinagplanuhan
Bakit nga ba ganito napakagulo
Puro palitan nalang ng dugo o kaya bungo
Hanggang sa walang makatayo
Di ka na makalayo

Araw araw puro mga ahas sa kapaligiran
Maging sino pa man
Hinding-hindi na mapipiglan yan
Nananahimik o Nag-iisip o May tiningnan
Mag-ingat lang
Kundi hindi ka na ma-pagbibigyan
Rock and roll
When i lock and load
Stop and go
When i pop it open
Quit the slacking
Go get to stacking
Rack it up
Don't drop the token
Step up
Or get stepped on
See the cocka-roaches
And step on em
Like a pit bull
Like a python / don't make me have to go and flex on 'em

What's next on the list
Keep

Giving it all that you got
Who do you call ?
No, you don't, ball
Puro tahol
Walang kagat
Gulat ako
Walang amat
At
Naguguluhan sa pag angat
Ng
Mga kababalaghan sa
Nabubuong kabanata

Gas Mask with a bandana, pull up and get man-handled
