

Palumpalo

Bawal Clan

Palumpalo parang nasapak ka sa mukha ha
Silipin at sulitin ang galaw at ang baraha
Ingat sa binabangga baka masagasaan
Maraming nakaharang, makitid ang daanan
Tahimik lang, tahimik at mainit ang kalsada
Pinihit ng pinihit lang ang utak at gumana
Gumuhit na ang tapang, mabagal lang ang gapang
Nilamon at sinuka ng sistemang binanatan

Take this for example
Or maybe absolute truth
Check the statements like accountants
Statin what u sayin so... but it ain't so
No one would believe u if u satan or a santo
Save whatever sample
U gotta crawl before u ball
To be making calls like a cellphone
Low key or u well known
Must be a whole lotta coin between us to be rubbin elbows

You see me on it through a social media platform
I see the comet past the puffy clouds, that seem to deform
I told stories of seashells at the seashore
I always plan to see more
Well traveled, hella G-force
When I write I tend to speak more
See the back seat right is where I tend to be more
Feels like 3 times reborn
I'm humbled
I'm talking about the times that happened before
No mumble!

Naglalakad sa kahabaan ng Boni nagmamasid
Ang buhay nga naman sa kalsadang di matuwid
Nagdidilim ang aking paningin
Nagsilabasan ang pangil ng mga hayop sa dilim
Juskopo! Eto nat nagkagulo!
Ang daming nangyayari utak koy litong-lito
Mabuti man o masama walang pagkaiba diba?
Hanggang sa kamatayan at mawalan ng diwa?
