Bawal Clan

Naka-chaah habang nagsisinde dala ng tropa
Huwag kang makulet itago muna ang basura
Kalmado lang ako sila nag-tratransact coca
Cola daw ako cola kaya acidic sobra
Naka-de kwatro naka joint gumagawa ng pera
Naniwala kay bugoy kaya walang problema
Hindi ito yung tipo na gawa ni goma
May sariling pag iisip dimo maboboka

Fuck with me you end up in a casket
Cold motherfucka need a blanket
I got it you ain't even gotta ask it
Where the money do I even need to ask it
Classy and a little bit ratchet
Kunin mo nalang
Wag mo na tanong kung bakit
Swabe at walang kasamang sabit
Minsan sa patalim talagang mahigpit ang kapit

Pulang mga mata, mukha ng halata
Di na makatayo ang katawang latang lata
Di na makasagot bigla na lamang tumahimik
Hindi naman bagot pagod lang sa kakaisip
Ng mga letra kinakabit binubuga
Hanggang sa makapa unti unting natutuna
Paminsan paminsan ang kaba biglang nauuna
Pero tuloy parin kahit nasabi kong ayoko na

Really I really can't hang with clowns
Skate thru da city wid all my pounds
My goblins busy runnin around
Plotting on a milli u silly to fuck around
A real nigga made me
So I gotta hold it down
Fuckin up any
Little or biggie in da town
Money, money, money
For my team when we pullin up
Got a tooly wimme if you talkin all dat stoopid stuff

Make a couple mil from the MIL game
Got that shit delivered like a mail man
We eating like we play the game to win meals
Make that paper go around like a windmill
Make a couple mil from the MIL game
Got that shit delivered like a mail man
We eating like we play the game to win meals
Make that paper go around like a windmill (windmill x4)

God damn this that good good shit
Bawal on my mind and middle finger that's a good mix
Stack that paper floor to ceiling baby til I'm hood rich
Pass it to the left don't worry bout it take a good hit

Never swerving, hitting cones flying on that red eye
Break it down like a science burn it till the vibe right
Soul be in tune with my inner Dalai lama

While my mind doin tricks like jedi turned to dark side

Flip a bird flip a beat (What?)
Team never weak (What?)
Money never sleep (What?)
Speakers let it bleed (Blood)
Choke let it breath
In the scope let it bang
Got that drip from the head
To the neck let it hang

In the zone don't get us wrong
We bring it on riggity raw shit
We wicked be lawless, spit like how a god is
Don't really want to start shit
Don't wanna see the flick of the wrist with my infinity gauntlet
I snap and you get gone, kid

Sa pagsubok ng buhay tagal ko na ngang lumaban
Tutok sa ilong sabay shotgun
Abong maiiwanan parang ung sinunog ko na halaman

Ilang beses ng tumigil pero hindi mapigil
Hinihila na pabalik walang humpas ang gigil
Lumalamig ang panahon pero naglililiyab ang diwa at utak magkatuwang hanggat h
umihinga

Wag malito kung sino ang kalaban
Sumisilip na umaga bat di maliwanagan
Buhay pasarapan di pahabaaan
Ibang pussy nausog kaya nilawayan

Galaw-galaw din kapatid wag hihikab-hikab
Sa panahon ngayon baka ikay mapagiwanan
Di lang naman ikaw nagiisang nahihirapan
Sabay sabay sa pagangat walang maiiwanan (oh diba)
