Lisa says
No one's standing next to me
Lisa says
No one's standing next to me

You're so beautiful, alright
With great big ball all night
And you're taking drugs
Cuz you're bored of your life

You're so angry at me
How can I be what I can be
Just trying to take
Life less seriously

Lisa says
No one's standing next to me
Lisa says
No one's standing next to me

This all could be so simple
My dear
Don't dry your tears on me

This all could be so simple
My dear
Don't dry your tears on me

Lisa says
No one's standing next to me
Lisa says
No one's standing next to me

Lisa says
No one's standing next to me
Lisa says
No one's standing next to me
