

Waiting For Surprises

Baxter Dury

Ooh, sister
Fucked up again
Feels like luck has lied
Ooh, sister
Graceful as
We've missed all I've tried

And we're waiting for surprises
We're waiting for surprises

Some people
Say it lasts [?]
Feels like luck has died
Please, don't leave
Don't ever go
Please don't leave me alone

And we're waiting for surprises
We're waiting for surprises
We're waiting for surprises
We're waiting for surprises
