

White Men

Baxter Dury

Is she pretty, is she all that you want
Is she pretty, is she all that you want

Is there time for us to fall in love
Is there time for us to fall in love

Look at the white men drinking
Numbing their dirty minds
Dimly lit streets of Notting Hill
Everybody's left behind

Am I pretty, am I all that you want
Am I pretty, am I all that you want

Is there time for us to fall in love
Is there time for us to fall in love

Look at the white men drinking
Numbing their dirty minds
Dimly lit streets of Notting Hill
Everybody's left behind
