

## Back On The Street

Bay City Rollers

You've been high on love  
I've been on my knees  
I've been stuck in the middle  
Now you know how it feels  
I'm back on my feet  
Down on the street  
Yes, I'm back on the street  
I feel the sound of the beat  
You know I'm down on the street  
I'm here to stay  
Yes I'm back on the street  
I hear the music of the street  
Is everywhere  
I've been wasting time  
You've been chasing me  
Now you're out of my mind  
Time has set me free  
And I'm back on the street  
Back on the beat  
Yes I'm back on the street  
I feel the sound of the beat  
You know I'm down on the street  
I'm here to stay  
Yes I'm back on the street  
I hear the music of the street  
It's everywhere  
Yes I'm back on the street  
I feel the sound of the beat  
You know I'm down on the street  
I'm here to stay  
Yes I'm back on the street  
I'll see you down on the street  
I feel the sound of the beat  
I'm here to stay  
Yes I'm back on the street
