

Don't Stop the Music

Bay City Rollers

Don't stop the music
I don't wanna lose her
I just want to stay here tonight
Make ev'rything right,
So don't stop the music,
Don't go now,
'Cause if I lose her
I will surely break down.
So don't stop the music,
I don't ever wanna say goodbye
How can I tell her
That I really love her
And though we just met here tonight
It all feels so right,
Oh please can't you see
That I need her,
Don't stop the music
I don't wanna lose her,
So don't stop the music,
I don't ever wanna say goodbye.
I'd never thought
That I could hold her
Though many times I tried
I never thought
I would see that look in her eyes
Don't stop the music ...
