## Bay City Rollers

Who am I to disagree  
With what you say and what you see  
I work all night to see your face like a fool I never win  
Things run around going through my head  
I'm so scared of what you'll do  
(What you gonna do)  
Can you picture I'm in love with you  
Paradise is something new  
(Something new)  
It's like I'm dreaming today I'm in love with you  
I work all night to see your face like a fool I never seem to win  
(I never win)  
Things run around going through my head  
I'm so scared of what you gonna do

Groovy  
(Groovy)  
It's so hot  
I see this groovy  
(Groovy)  
Its does something nice to me  
Yes you're so groovy  
(Groovy)

She is groovy  
(Groovy)  
You do something nice to me

Who am I to disagree  
With what you say and what you see  
It feels real nice when you're close to me  
(Close to me)  
Cuddle up real tight babe what you do to me  
I work all night to see your face like a fool I never ever win  
(I never win)  
Things run around going through my head  
I'm so scared of what you gonna do
