

# Keep On Rollin'

Bay City Rollers

Keep on rolling  
I keep on rolling baby  
Keep on rolling  
Rolling back to you  
Keep on rolling  
I keep on rolling baby  
Keep on rolling  
Rolling back to you

When this old world was to a different beat  
And the rhythm got me feeling blue  
Yeah it's the little things you do that keep me going  
Yeah it's your love that's pulling me through

So I keep on rolling  
I keep on rolling baby  
Keep on rolling  
Rolling back to you  
Keep on rolling  
Keep on rolling baby  
Keep on rolling  
Rolling back to you  
Keep on rolling  
Rolling back to you

From mountains and highways to the river and vales  
You're that voice I hear when the night gets long  
No matter where, it's like you're almost there  
Yeah you're forever calling me home

So I keep on rolling  
I keep on rolling baby  
Keep on rolling  
Rolling back to you  
Keep on rolling  
Keep on rolling baby  
Keep on rolling  
Rolling back to you

In my dreams I see you waiting baby  
Baby don't you know  
You've always been the one for me  
Oh how I need you so

So I keep on rolling  
I keep on rolling baby  
Keep on rolling  
Rolling back to you  
Keep on rolling  
Keep on rolling baby  
Keep on rolling  
Rolling back to you

So I keep on rolling  
I keep on rolling baby  
Keep on rolling  
Rolling back to you

Keep on rolling  
Keep on rolling baby  
Keep on rolling  
Rolling back to you

So I keep on rolling  
I keep on rolling baby  
Keep on rolling  
Rolling back to you  
Keep on rolling  
Keep on rolling baby  
Keep on rolling  
Rolling back to you
