

Make My Body Work

Bay City Rollers

Make my body-dy-dy work

(Won't you make my body work)
(Won't you make my body work)
(Won't you make my body work)
(Won't you make my body work)

It's a physical world
It's a sensual game
Love is a gun it's a shot of the flame
Touch my body release my crime

Make my body work (won't you make my body work)
Make my body work (won't you make my body work)
Make my body work (won't you make my body work)
Make my body work (won't you make my body work)

It's a passionate thing
It's a crime of the heart
Love in action it's a chain reaction
Touch my body release my crime

Make my body work (won't you make my body work)
Make my body work (won't you make my body work)
Make my body work (won't you make my body work)
Make my body work (won't you make my body work)

Come on come on come on come on
(Make it work make it work)
Come on
(Make it work make it work)
Make my body work
Come on
(Make it work make it work)
My body work
Come on
(Wont you make my body work)
Make my body work
