

Ride

Bay City Rollers

Come in
My love
I want you any way you are
And get hold of me
And take it oh so far
And my love
In my heart
You're tearing my mind apart
I get crazy on you
When something you grab hold of me
Ready now

Ride, ride on to my love
Yes, ride, ride on to my love
Oh ride, ride, ride, ride on to my love
Oh ride
Oh girl, I'm right beside you now
You gotta ride, oh girl, I need some of you

We can ride away
'Cause we're faster than the speed of sound
We can ride in love
'Cause I need you to be around
(You've got it, you've got it)
Cause you are what you are
Yes, in loving you're a superstar
I get high on you
And drive you oh so far

Ride, ride on to my love
Yes, ride, ride on to my love
Yes ride, ride, ride, ride ride on to my love
Yeah, ride
Oh girl, I'm right beside you now
You may ride
Oh girl, ride it from you
(You've got it, you've got it, you've got it)

Ride, ride on to my love
Yes, ride ride on to my love
Yeah, ride ride ride ride ride on to my love
You never wanted to ride
Ride on to my love
Yeah, ride
