

Roxy Lady

Bay City Rollers

I heard you call my name
You looked all right
Well that's no down
I was so blind
Talking paralyzed
Till you made your play
You pull me home
You playing around
Right now
You wrecked my face
Yeah she told you
To your face
So I was bummed out
It just goes to show
Hey little Roxy
Before I go

Wasn't really trying to make it with you
My eyes deceived, what was I trying to do?
Wasn't really trying to make it with you
My Roxy lady
(Roxy lady)
(Oh Roxy lady)
Lady
(Roxy lady)
(Oh Roxy lady)
Hey little Roxy
(Roxy lady)
(Oh Roxy lady)
Lady
(Roxy lady)
(Oh Roxy lady)

I can't believe my eyes
I must be crazed
Your body's fine
But look at your face
In the morning light
There's no messing around
I've done it again
Again gone off to easy
I can't resist
The feel of rapture
A one night bliss
Oh I will tell you to your face
Hey little Roxy, I can't stand this place

Wasn't really trying to make it with you
My eyes deceived, what was I trying to do?
Wasn't really trying to make it with you
My Roxy lady
(Roxy lady)
(Oh Roxy lady)
Lady
(Roxy lady)
(Oh Roxy lady)
Hey little Roxy

(Roxy lady)
(Oh Roxy lady)
Lady
(Roxy lady)
(Oh Roxy lady)

Wasn't really trying to make it with you
My eyes deceived, what was I trying to do?
Wasn't really trying to make it with you
My eyes deceived, what was I trying to do?

My Roxy lady
(Roxy lady)
(Oh Roxy lady)
Lady
(Roxy lady)
(Oh Roxy lady)
Hey little Roxy
(Roxy lady)
(Oh Roxy lady)

Lady
(Roxy lady)
(Oh Roxy lady)
She said
Do do do do do do do
...
