

## Bloody Nose

Bay Faction

Oh oh oh oh  
Oh oh oh oh

I could never get comfortable  
That's why my home always felt like a hotel  
It's chemical  
What's inside my skull and what's really here

The only thing I'm good at is letting go  
That's why I couldn't love you and I couldn't let you know  
Like oh oh oh  
So bloody nose

I keep having this dream where you forget about me  
Go to bed with some guy  
Then my nose starts to bleed

The only thing I'm good at is letting go  
That's why I couldn't love you and I couldn't let you know  
Like oh oh oh  
So bloody nose

I have this fear that I'll die young  
I'll never hear from Jasper and the light will never come like  
A canopy over my home  
It takes me by the throat  
Won't ever let me go

Like oh oh oh  
So bloody nose  
Like oh oh oh  
So bloody nose
