

Shower

Bay Faction

17 feet away from where we first met
Cemetery connected to the parking lot
Pretty crime floating around in a peacoat
Anything we need
Baby bust it from the Walmart

I get so wrapped up
You're gonna call me out
Can we talk about it later

Cause I don't even know me right now
Wait for you to shower
Be here when you get out
Ignore the flowers
They wont do much now
Gone in an hour
After 2 years working this out
Had me on the way up
Don't call me when you come down

When you're not around I can't be myself
Plus therapy don't know me drugs don't help much

I get so wrapped up
You're gonna call me out
Can we talk about it later

Cause I don't even know me right now
Wait for you to shower
Be here when you get out
Ignore the flowers
They wont do much now
Gone in an hour
After 2 years working this out
Had me on the way up
Cause I don't even know me right now
Wait for you to shower
Be here when you get out
Ignore the flowers
They wont do much now
Gone in an hour
After 2 years working this out
Had me on the way up
Don't call me when you come down
