## Bay Faction

I'm so BPD, yeah  
So many feelings  
You're so kerosine I'm a BIC  
Boy inside a city  
I've seen everything and  
I just shut my eyes when you're apart from me  
This silly miscommunication's killing me  
Ily but you really don't know what I mean and  
When I said I romanticize everything  
That's just how I live not sketchy not a slut

I'm not rolling doubles I'm in love I'm in love  
I'll kill my best friend just to grab your butt  
If you want this church to burn babe  
I'll light it up  
If you want charisma I'm the loudest in the room

So be my sunshine  
Baby, trust I'll never leave you  
All by yourself  
Beside that one time  
When I forgot you were carrying the world  
All by yourself

Yeah, you're my sunshine  
Baby, trust I'll never leave you  
All by yourself  
Beside that one time  
When I forgot you were carrying the world  
All by yourself  
Yeah

I know you think I'm cute  
But you're smarter than me though  
So everything you say makes sense in slow motion  
Obsessed with your laugh  
I'm addicted your to your tone  
You can fuck me over you  
Just gotta let me know

I could probably still get it up if you slit my throat  
If you want a family it's two inside a home  
Treat me like a baby  
Make me wish that I was grown

So be my sunshine  
Baby, trust I'll never leave you  
All by yourself  
Beside that one time  
When I forgot you were carrying the world  
All by yourself

Yeah, you're my sunshine  
Baby, trust I'll never leave you  
All by yourself  
Beside that one time  
When I forgot you were carrying the world

All by yourself

So be my sunshine  
Baby trust I'll never leave you  
All by yourself  
Beside that one time  
When I forgot you were carrying the world  
All by yourself

Yeah, you're my sunshine  
Baby, trust I'll never leave you  
All by yourself  
Beside that one time  
When I forgot you were carrying the world  
All by yourself  
Yeah

So be my sunshine  
Baby, trust I'll never leave you  
Beside that one time  
When I forgot you were carrying the world  
Yeah, you're my sunshine  
Baby, trust I'll never leave you  
Beside that one time  
When I forgot you were carrying the world
