

## Swan Dive

Bay Faction

Do I ever really wanna wake up?  
Body dehydrated as I drift off  
Only when I'm sleepy do I indulge  
Like a dentist on vacation

Never shake a hand without conviction  
Out of character my mind is mixed then  
Everything I make up really hits when  
I'm on vacation

I hate always talking about my money  
But you gotta have enough to keep it running  
Had a feeling God might be here watching so  
Soak me up I'm sopping

Never shake a hand without conviction  
My personality is fake and unconvincing  
Swan dive into hell, body go missing  
My boys addiction

I get so much enjoyment out of loving  
Do you wanna be my pumpkin?  
Do you wanna be my muffin?  
Yeah you're so fucked up  
But I never say a thing because I love ya  
Do you wanna meet my mother?  
Do you wanna be my fool?

Do I ever really wanna wake up?  
Body dehydrated as I drift off  
Only when I'm sleepy do I indulge  
Like a dentist on vacation

Never shake a hand without conviction  
Out of character my mind is mixed then  
Everything I make up really hits when  
I'm on vacation

Do I ever really wanna wake up?  
Body dehydrated as I drift off  
Only when I'm sleepy do I indulge  
Like I'm on vacation
