

## Dive

## Bay Ledges

On the floor of your apartment  
Like a dream, I was feeling the drugs  
Looked at me like you'd been starving  
So I smiled just to shake it up

Dive off the deep end, let me sink into your arms  
Dive off the deep end, let me sink until I'm gone  
Dive, dive, dive  
Dive off the deep end let me sink until I'm gone

My back on the ceiling above me  
This room is getting tight  
Take my hand baby jump out the window  
Float away till' we run out of sky

Dive off the deep end let me sink into your arms  
Dive off the deep end let me sink until I'm gone  
Dive, dive, dive  
Dive off the deep end let me sink until I'm gone

Thinking out loud cause I'm wishful  
Naked, swimming peaceful  
Light from the moon on you  
Thinking right now, time is endless  
Feeling kinda reckless  
Lucky cause I've seen the truth

Dive off the deep end let me sink into your arms  
Dive off the deep end let me sink until I'm gone  
Dive, dive, dive  
Sink until I'm gone
