

## DMT

## Bay Ledges

Back in the garage  
Back playing for love  
Comes out in the wash  
I can hear you above  
(Hear you above)

And I will not let go, baby  
(Let go)  
No I will not lead you astray  
(You astray)  
I will not let go, baby  
There's too much left I have to say

Don't try to be right  
(Don't try to be right)  
Watch your step on the stairs  
(Step up on)  
Keep your head in the light  
(Head in the light)  
It's only money, who cares  
(Who cares)

And I know this life is crazy  
(Crazy)  
But I got you, come what may  
So many times you've saved me  
I have to sing what I can't say

(La la la la la, la la la la la, la la la la)

I can feel it, I can feel it, I can feel it

(La la la la la, la la la la la, la la la la)

And I will not let go, baby  
No I will not lead you astray  
Oh, I will not let go, baby  
Too much left I have to say

Too much, too much  
Too
