

Hearts

Bay Ledges

She's next to me, oh jeez
I got the [?]
Skin was soft and her hair was long
Lipstick stain and my favorite song

Is it always this way?
Is it always this way?
When you're learning to love
Learning to love, to love
Learning to love

I was on Venice and Fifth
I forgot my gift
She's gonna be so upset
Too many shoes
And too many secrets
Man, you wouldn't believe it
(Believe it)

Is it always this way?
This way?
When you're learning to love
Is it always this way?
This way?
When you're learning to love
Is it always-
(I'm learning to love)
I'm learning to love
I'm learning to love, to love
Come on, come on, teach me
Teach me
Come on, teach me

(Ooh, ooh, yeah, yeah, yeah, yeah)
(Ooh, ooh, ooh)

No joke
It's like cigarette smoke
Hang in the air until we're both bitter

Come on, come on, teach me
Is it always this way?
(Learning to love, to love)
Come on, come on, teach me
Is it always this way?
When you're learning to love
Is it always this way?
(Learning to love, to love)
(Learning to love)
Come on, come on, teach me
Is it always this way?
(Love, learning to love, to love)
Is it always this way?
Come on, come on, teach me

I've got a generous heart
Yes I do

(Ha, ha)
