

## I Remember

Bay Ledges

Saw you walking home with your best friend  
Mom left a note see ya on the weekend  
We got some time before the sun sets  
We got a lot of love and we ain't broken yet

I Remember  
When you told me it was over  
Wild together  
Feel it all before we get older

In the tall grass, I was dreaming  
We were changing fast, like the seasons  
I wanna fly, I wanna forget  
We got a lot of love and we ain't broken yet

I Remember  
When you told me it was over  
Wild together  
Feel it all before we get older

Saw you walking home with your best friend  
Mom's on the phone, "Honey are ya coming?"  
It's getting late, and this is our mess  
We got a lot of love and we ain't broken yet

I Remember  
When you told me it was over  
Wild together  
Feel it all before we get older

I Remember  
When you told me it was over  
Wild Together  
Feel it all before we get older
